Employee Of The Month

Harold Has worked with dRC for just over 2 years as a Community Inclusion Specialist in Columbus County.

When asked about what his favorite parts of his job are, Harold stated “My co-workers, boss, and the fact that I get to make a difference in people’s lives helping them.”

We can’t wait to see the continued impact Harold makes in the lives of others as he continues in his role with dRC.

A fun fact about Harold is that he is a HUGE Washington Commanders and UNC Tarheels Fan.

Did you know that April is Fair Housing Month?

Fair Housing Month highlights the importance of equal access to housing for everyone. It is a firm reminder that housing discrimination based on gender, religion, race, or disability is extremely unlawful. At dRC, we especially take this month seriously as we continue to educate ourselves on housing laws and utilize our gained knowledge to advocate for those we work with day in and day out. We hope this month can be a source of motivation in understanding that we need to continue to come together as a community and push for progress in ensuring everyone is up to date on the rights they have when it comes to finding a place to live. April is about making sure that every individual, no matter their background, has access to the same opportunities for a place to call “home” and use that inclusivity to build a stronger and more connected community.

Fair Housing Month began in response to the passing of the Fair Housing Act in 1968.
